

Ladies and Gentlemen

We invite you to cooperate in organizing the upcoming event **"Gala STARS NIGHT WYSPA TV 2023"**, which will take place on **June 24, 2023, | 6 pm – 1 am | at Excellency Bolton.**

Our project started operating two years ago under the name WYSPA TV. It is a unique and multicultural television initiative to promote cultural diversity and the integration of communities worldwide. As a result, every nation can appear on television and show its heritage, traditions and values that define its identity.

By creating exciting and engaging content, we try to give our viewers an insight into the cultures and customs of the world while contributing to the growth of understanding and respect between different communities.

Our television focuses on diversity, giving space for everyone, regardless of origin, language or beliefs. Gala Stars Night Wyspa TV, 2023, is a unique event that combines charitable and cultural goals. Among the guests will be representatives of the authorities, artists, business representatives and charity organizations. Each participant will receive a lottery ticket that will take part in the prize draw. Lottery proceeds will go to the Royal British Legion to support veterans. This is one of the ways to express our gratitude and respect for the country we live in, as well as the memory of veterans who fought for our freedom and peaceful future.

We actively participate in various events, both local and international, informing our viewers about them and promoting the values that unite us. We are open to all forms of cooperation that will allow us to further develop our project and fulfill our mission even better - building bridges between cultures and strengthening interpersonal ties.

We would like to invite you to participate in the prestigious **Gala Stars Night Wyspa TV**. Our event aims to promote young talents, new faces who passionately develop their skills in various fields, such as: music, sports, business, social activities, culinary, promotion of culture, literature and many others. We believe that together we can create a valuable space for participants, and at the same time build strong business relationships that will bring benefits to all parties involved.
